### **How Long Does It Take?**

Forty-five (45) days are allowed to process a Medi-Cal application not involving a disability. If you are applying for Medi-Cal based on a disability, your application process may take up to 90 days depending on how quickly you complete the disability information and when your doctors and hospitals submit your medical records. To avoid processing delays, submit all information requested of you as soon as possible. Ask your eligibility worker for help if you cannot get the information. If you have an immediate medical or dental need, such as pregnancy or a severe illness, indicate this need on your application and your application may be processed more quickly.

### **Additional Proof Needed for Health Coverage**

- Information about any job related health insurance available to your family.
- Policy numbers for any current health insurance.
